Law and Literature
Do not confuse the law with justice. Consider the notion of justice, and how our present cultural norms and values are expressed, as in cases involving celebrities such as O. J. Simpson, Martha Stewart, Paris Hilton and Michael Vick. Judges Bremer and Klein discuss the legal context of literary forms such as narratives, framing, the storytelling model of decisionmaking, retribution and redemption after a brief production of Hamlet, as performed by the very talented players of the Tiny Ninja Theater ( tinyninjatheater.com Motto: “There are no small parts, only small actors.”).
