
I have created a TWEN page for the course. I will post a copy of the Syllabus there under the “Syllabus” heading of the “Forum” section.

The first two reading assignments are below:

For Wednesday, January 18

Please read pp. 1-14 of the Text. Be prepared to discuss Problems 1.1 – 1.3 of Problem Set 1 (pp. 28-30 of the Text) in class.

For those of you who like to plan ahead, the next assignment (Thursday, Jan. 19) will be pp. 14-28 and the balance of Problem Set 1.

* If you took Secured Transactions from me, you can use that Statutory Supplement this semester even if it is not the one listed above. If you have taken or are taking another commercial law course (e.g., Sales, Payment Systems) your statutory supplement for that class should work for Debtor Creditor or your Debtor Creditor supplement may work for that class. Please check with me to be sure your supplement will work if you have any question about it.
